

Malta Business School kick starts the fourth intake of the ATHE Level 5 Diploma in Management

A cohort of 14 diverse students recently started their 10 month journey of the ATHE UK Accredited Part-time Diploma and Full-time Extended Diploma in Management (MQF Level 5). The students are made up of seven females and seven males and their ages vary between 18 years to 54 years.

Four of our students are self employed whilst the other ten work within the private sector in various industries. In fact the industries they come from range from catering, to pharmaceutical, aviation, contact centres and telecommunications.

This interesting and varied blend of students will definitely add more value and will contribute further to their learning.

These Diplomas are aimed for professional people working in a business environment, as well as aspiring managers and team leaders. Malta Business School will help learners to develop creative thoughts and insights, build their business and management skills set and challenge them to stretch their natural abilities. The programme focuses on real world business situations by using case studies and discussions.

The duration of this MQF Level 5 Part-time Diploma is of ten months. Lectures are held twice a week, after working hours from 17:30 to 20:30 at Malta Business School's training facility in B'Kara.

After the completion of the Diploma programme learners will acquire a total of 60 credits and they can opt to continue their studies with an Extended Diploma which leads to a one-year top-up degree from some UK Universities. Alternatively, learners can apply directly for the Extended Diploma which has a total of 125 credits and attend classes four times a week.

These Diplomas are eligible for funding under the Get Qualified Scheme issued by Malta Enterprise. Participants can get up to a 70% refund from their total fees.

The fifth intake of the ATHE Level 5 Diploma in Management will start in October 2016 and registrations are already open.

To register or to acquire further information about the Diploma and Extended Diploma in Management (Level 5) you can contact Malta Business School on 21311326 or email info@mbs.edu.mt. All enquiries are handled in the strictest of confidence
